

Cisco

Exam Questions 700-750

Cisco Small and Medium Business Engineer (SMBE)

NEW QUESTION 1

Meraki Dashboard is used for ease of management of Meraki devices. Which other devices are integrated with the Meraki dashboard?

- A. Smart Assistants
- B. HVAC Sensors
- C. Catalyst devices
- D. WebEx Boards

Answer: C

Explanation:

The Meraki Dashboard is designed to provide a centralized management platform for various Cisco devices, including Meraki and Catalyst devices. The integration of Catalyst devices with the Meraki Dashboard allows for simplified management and monitoring, offering a unified view of the network. This integration enables IT administrators to oversee their network infrastructure, including switches and wireless access points, through the Meraki Dashboard's intuitive interface¹².

NEW QUESTION 2

What is the primary purpose of Umbrella's Secure Web Gateway?

- A. exposes shadow IT by providing the ability to detect and report on cloud applications across organizations
- B. analyzes sensitive data in-line to provide visibility and control over sensitive data
- C. isolates web traffic from the user device to prevent the possibility of malware infections
- D. logs and inspects web traffic for full visibility, URL and application controls, and protection against malware

Answer: D

Explanation:

The primary purpose of Umbrella's Secure Web Gateway (SWG) is to provide a comprehensive security solution that logs and inspects web traffic. This allows for full visibility into the web activities within an organization, enabling URL and application controls, and offering advanced threat protection against malware. SWG acts as a checkpoint between users and the internet, filtering and monitoring web traffic to ensure safe internet access while blocking potentially harmful content. It is designed to enforce security policies, prevent data leakage, and protect against web-based threats by inspecting URLs, detecting threats, and decrypting select encrypted traffic for inspection.

References:

•Cisco Umbrella's

Explanation of Secure Web Gateway¹.

•Blog post detailing the functionality and necessity of a Secure Web Gateway in a security stack².

•Description of the Cisco Umbrella Secure Web Gateway's full proxy capabilities³.

•Overview of Cisco Umbrella secure web gateway functionality⁴.

•Information on how Umbrella's SWG logs and inspects web traffic⁵. =====

NEW QUESTION 3

Which technology is now in the middle of the same type of transformation that revolutionized telephones 20 years ago?

- A. cloud security
- B. network security
- C. application security
- D. video surveillance

Answer: D

Explanation:

Video surveillance technology is currently undergoing a transformation similar to the one that revolutionized telephones 20 years ago. The shift from analog to digital, the integration of Internet Protocol (IP) technology, and the use of artificial intelligence for facial recognition and behavior analysis are all part of this transformation. This evolution mirrors the transition telephones experienced with the advent of mobile technology and smart devices, which turned simple voice transmission tools into multifunctional devices with capabilities far beyond making calls.

References: = An article on the evolution of telephone technology that discusses the significant changes over the years¹, and a report on the pace of technology transformation that highlights the rapid changes in communication technology².

NEW QUESTION 4

What do SMBs need to be truly smart?

- A. visibility for each process at each location separately
- B. optimized customer and employee experiences by providing an environment that meets modern expectations
- C. individually managed technology stacks
- D. separate dashboards to provide intelligent monitoring with actionable insight and device manageability

Answer: B

Explanation:

To be truly smart, SMBs need to optimize customer and employee experiences by providing an environment that meets modern expectations. This involves leveraging technology to create a seamless, efficient, and responsive experience for both customers and employees. A smart SMB utilizes integrated solutions that enhance collaboration, productivity, and security, enabling the business to adapt quickly to market changes and customer needs. By focusing on the user experience, SMBs can drive innovation and growth, ensuring they remain competitive in a rapidly evolving business landscape¹. References :=

NEW QUESTION 5

What are three features of Webex? (Choose three.)

- A. email threat defense
- B. meetings
- C. knowledge base
- D. shared file folders
- E. messaging
- F. calling

Answer: BEF

Explanation:

Webex is known for its comprehensive suite of features that facilitate collaboration and communication in a business environment. The three key features of Webex include:

- * 1. Meetings: Webex Meetings allows users to host and participate in video conferences with reliable audio and video quality, content sharing, and screen sharing capabilities¹.
- * 2. Messaging: Webex provides a messaging platform where team members can communicate through instant messages, share files, and collaborate in real-time¹.
- * 3. Calling: With Webex, users can make and receive calls over the internet, providing a unified communication experience that integrates with other Webex features¹.

These features are designed to support a hybrid workforce, enabling seamless collaboration regardless of location.

NEW QUESTION 6

Partners must understand one another's purpose and goal. What does Cisco consider its purpose?

- A. to maximize profits
- B. to power an inclusive future for all
- C. to dominate the market
- D. to limit global connectivity

Answer: B

Explanation:

Cisco's purpose is centered around creating a more inclusive future for all. This is reflected in their commitment to leveraging technology to address societal challenges, close the digital divide, and promote equality and social justice. Cisco actively works towards a sustainable and regenerative planet, emphasizing the importance of diversity, equity, and inclusion within and beyond the company. Their purpose goes beyond profit maximization or market dominance; it is about using their resources and influence to make a positive impact on society and the environment. References := Cisco's Purpose

NEW QUESTION 7

Which security challenge do SMBs face?

- A. 98% of breaches are human error
- B. global excess of security experts
- C. too little vendor support
- D. too many security products

Answer: D

Explanation:

Small and medium-sized businesses (SMBs) often face the challenge of navigating through an overwhelming number of security products. This can lead to complexity and confusion, making it difficult for SMBs to choose the right solutions and effectively manage their cybersecurity posture. Unlike larger organizations, SMBs typically have limited resources and may not have dedicated security personnel, which exacerbates the challenge of dealing with too many security products. The key is finding a balance between having enough security to protect against threats and not having so much that it becomes unmanageable or too costly.

References :=

- Cisco's Small Business Cybersecurity Report highlights that SMBs are tackling cybersecurity challenges and how their efforts compare to larger organizations¹.
- The 2021 Security Outcomes Study for SMBs by Cisco provides insights into the experiences of SMBs with cybersecurity, emphasizing the importance of managing risk and operating efficiently².
- Cisco's insights on cybersecurity for small and mighty businesses discuss the challenges SMBs face, including the lack of talent and skills and the need to simplify their cybersecurity approach³.

NEW QUESTION 8

Which selling concept represents an account manager selling a security solution that integrates with the customer's current Cisco networking solution?

- A. cross-selling
- B. multi-product selling
- C. upselling
- D. horizontal-selling

Answer: A

Explanation:

Cross-selling refers to the practice of selling additional products or services to an existing customer. In the context of Cisco Small and Medium Business Engineer, when an account manager sells a security solution that integrates with the customer's current Cisco networking solution, it is considered cross-selling. This is because the security solution is complementary to the products the customer already uses, thereby providing an integrated and enhanced experience. Cross-selling is a strategic approach to provide customers with additional value, often leading to increased customer satisfaction and loyalty¹²³. References :=

NEW QUESTION 9

Which Cisco solution allows the setup of virtual network topologies for non-production testing?

- A. CVML
- B. Cisco U
- C. CML
- D. Packet Tracker

Answer: C

Explanation:

Cisco Modeling Labs (CML) is the solution that allows the setup of virtual network topologies for non-production testing. It is a network simulation tool that enables users to design, build, visualize, and launch virtual network models. This is particularly useful for testing, development, and demonstration purposes without the need for physical hardware. CML provides an environment where network topologies can be modeled using virtual instances of Cisco operating systems, such as IOS, IOS-XE, IOS-XR, and NX-OS.

References :=

- The Cisco Virtual Topology System (VTS) User Guide provides an overview of the VTS, which is related to but distinct from CML, as it focuses on overlay management and provisioning for data center networks¹.
- Additional information about Cisco's virtual networking solutions can be found in the Cisco VTS User Guide, which details the provisioning of overlay networks².
- For a comprehensive understanding of Cisco's virtual networking capabilities, the Cisco Virtual Topology System 2.5.2 All-in-One v1 documentation offers scenarios that include creating tenant networks and attaching virtual machines, which are similar to the functionalities provided by CML³.

NEW QUESTION 10

Which outcome do Cisco products deliver for SMB Customers?

- A. enhance people
- B. enhance workspaces
- C. enable IT
- D. enhance visibility

Answer: C

Explanation:

Cisco's solutions for small and medium-sized businesses (SMBs) are designed to empower the IT infrastructure of these organizations. By enabling IT, Cisco products provide reliable, fast connections to networks and resources, which keeps employees productive and customers satisfied. Their offerings include switches, routers, wireless access points, and networking management tools that form the backbone of a robust IT environment. Additionally, Cisco's security solutions, like firewalls and VPNs, ensure that SMBs can protect their data and assets effectively. This focus on enabling IT aligns with Cisco's broader strategy to provide flexible cloud solutions and secure, intelligent workspaces for SMBs.

NEW QUESTION 10

Which Cisco solution enables a hybrid experience and offers a VPN solution?

- A. on-premises solution
- B. edge computing
- C. remote solution
- D. cloud solution

Answer: A

Explanation:

Cisco's on-premises solutions, including their integrated services routers and security appliances, support the implementation of Virtual Private Networks (VPNs), which are crucial for creating a secure and encrypted connection over a less secure network, such as the internet. This becomes especially important for businesses adopting hybrid work models, where employees split their time between working on-site and remotely. The VPN solution allows remote workers to safely access the company's internal network, ensuring that sensitive data remains protected, even when accessed from outside the office. This hybrid experience is enabled by

on-premises VPN solutions, as they provide the necessary infrastructure to support secure remote access.

NEW QUESTION 14

How do Meraki cameras perform in the smart SMB experience?

- A. building a smarter network
- B. building smarter security
- C. building smarter workspaces
- D. protecting the outside of an office space

Answer: C

Explanation:

Meraki cameras contribute to the smart SMB experience by building smarter workspaces. These intelligent cameras not only enhance security by providing high-quality video surveillance but also incorporate advanced analytics that can help businesses understand space utilization, optimize office layouts, and ensure safety protocols are followed. Features such as motion detection, people counting, and heat maps offer valuable insights into how spaces are used, enabling SMBs to make data-driven decisions to improve efficiency, productivity, and employee well-being. This goes beyond traditional security roles, as Meraki cameras can also support operational improvements and contribute to creating a more connected and intelligent workplace environment.

NEW QUESTION 16

Which product helps enable secure authentication in a hybrid workforce?

- A. Webex Control Hub
- B. Cisco Business Dashboard
- C. Duo
- D. Meraki MZ

Answer: C

Explanation:

Duo is the product designed to enable secure authentication in a hybrid workforce. It provides a zero-trust security model that verifies every user and device, ensuring trusted access across all environments. This is particularly important for hybrid work settings where employees are logging in from various locations, and the threat landscape is more diverse. Duo helps create a secure, consistent environment that extends from the office to remote workers by authenticating identities before granting access to corporate networks and apps¹².

NEW QUESTION 19

What is a crucial concern for Hybrid SMBs?

- A. complexity of applications
- B. process automation
- C. more data with too little contextualization
- D. protect employees, devices, and company data

Answer: D

Explanation:

For Hybrid SMBs, a crucial concern is the protection of employees, devices, and company data. As businesses adopt hybrid work models, they face unique security challenges. These include securing data across different networks and devices, protecting against cyber threats in a more complex IT environment, and ensuring that employees can work safely from any location. Effective integration of technologies to ensure robust security is essential, requiring expertise and a strategic approach¹.

NEW QUESTION 21

Which Cisco-provided tool do partners use for a demo of the SMB Experiences?

- A. CML
- B. Meraki Demo Builder
- C. VMware
- D. BVD

Answer: D

Explanation:

Partners use Business Value Demonstrations (BVD) to demo the SMB Experiences provided by Cisco. BVDs are interactive tools that allow partners to showcase the value of Cisco solutions in a tangible and engaging way. They help in illustrating the potential benefits and operational efficiencies that Cisco's solutions can bring to small and medium-sized businesses. By using BVDs, partners can effectively demonstrate how Cisco's products and services can be tailored to meet the unique needs of the SMB market.

References:

- Cisco's official exam overview, which includes a section on understanding Business Value Demonstrations¹.
- Information on the Cisco Business Dashboard, which is another tool for managing Cisco solutions but not specifically for SMB Experiences demonstrations².
- Blog post discussing the SMB Experience Explorer tool, which helps SMB customers find the right Cisco solutions³.
- Sign up page for learning more about the Cisco Experience Explorer, which is a lead generation tool for partners⁴.

NEW QUESTION 24

Where does Cisco offer executive-level experiences for customers and partners to align and gain partner mindshare at the C-level?

- A. Cisco U
- B. CXCs
- C. LIVE
- D. NetAcad

Answer: B

NEW QUESTION 28

Which percentage of consumers consider a company's purpose when making a purchase decision?

- A. 50%
- B. 66%
- C. 75%
- D. 80%

Answer: D

NEW QUESTION 30

On which three aspects is Cisco applying focus to change its sales approach? (Choose three.)

- A. long-term value

- B. solutions
- C. artificial intelligence
- D. product line
- E. relationships
- F. revenue

Answer: ABE

NEW QUESTION 34

Which global demo engineering platform provides customers, partners, and Cisco employees with demos around Experience Cisco Solutions?

- A. Product Pulse
- B. dCloud
- C. Cisco U
- D. NetAcad

Answer: B

Explanation:

Explanation

Cisco dCloud is a comprehensive demo engineering platform that provides customers, partners, and Cisco employees with the ability to experience Cisco solutions. It offers an extensive catalog of demos, training, and sandboxes for every Cisco architecture. Users can explore how Cisco products and technologies can support their business and technical needs through a variety of demo formats, including expert-led, zero-commitment demos. References := https://dcloud-docs.cisco.com/c/r/dcloud-docs/sites/en_us/explore/cisg.html

NEW QUESTION 37

Which key feature does Meraki offer for managing hybrid workforces?

- A. provides intent-based GUI-based WAN configuration and management
- B. provides APIs to allow developers to save time by taking advantage of a platform's implementation
- C. provides real-time monitoring but no access to analytics
- D. networking and security functions remain separate and not integrated into a single service

Answer: B

Explanation:

Explanation

Meraki offers a key feature for managing hybrid workforces by providing APIs that allow developers to save time through the platform's implementation. This feature is crucial for hybrid work environments where seamless integration and automation are necessary. The APIs enable rapid development and deployment of custom solutions that can enhance productivity and ensure consistent access to networks and data, regardless of the employee's location. This aligns with the need for a flexible and adaptable network infrastructure that supports a distributed workforce, which is a hallmark of the hybrid work model¹². References :=

- Hybrid Workforce | The New Hybrid Workplace | Cisco Meraki¹.
- Hybrid Workforce, United Experience - Cisco Meraki².

NEW QUESTION 40

Which Cisco product is part of the smart experience for empowering IT?

- A. Meraki Sensors
- B. Meraki Cameras
- C. Meraki Insight
- D. Umbrella

Answer: C

Explanation:

Explanation

Meraki Insight is part of Cisco's smart experience aimed at empowering IT. It provides end-to-end visibility on the network, which is crucial for IT teams to ensure a high-quality user experience. By leveraging Meraki Insight, IT can proactively monitor and troubleshoot network issues, thus empowering them to manage the network more efficiently and effectively. References := ¹, ²

NEW QUESTION 42

How does Cisco help SMBs to be truly smart?

- A. employee automation
- B. utilities cost control
- C. operational inefficiencies
- D. secure connectivity

Answer: D

Explanation:

Explanation

Cisco aids SMBs in becoming truly smart by providing secure connectivity solutions. These solutions are designed to enable employees to work safely and reliably from anywhere, at any time. Cisco's offerings, such as Meraki Wi-Fi for public or private connectivity, ensure speed, scale, and security. Additionally, Cisco's smart office technology solutions leverage intelligent workplace technologies like Meraki cameras for security and smart building automation, and environmental sensors for a smarter, safer, and more sustainable future. This secure connectivity is fundamental to enabling smart operations and empowering SMBs to take advantage of digital opportunities.

NEW QUESTION 44

Which fact is driving technology to be more important now than ever?

- A. It is less powerful.
- B. It is less complex.
- C. It helps drive better outcomes and experiences.
- D. It is cheaper.

Answer: C

NEW QUESTION 48

Which Cisco product allows secure internet access?

- A. Duo
- B. Webex
- C. Meraki
- D. Umbrella

Answer: D

NEW QUESTION 51

.....

Thank You for Trying Our Product

We offer two products:

1st - We have Practice Tests Software with Actual Exam Questions

2nd - Questions and Answers in PDF Format

700-750 Practice Exam Features:

- * 700-750 Questions and Answers Updated Frequently
- * 700-750 Practice Questions Verified by Expert Senior Certified Staff
- * 700-750 Most Realistic Questions that Guarantee you a Pass on Your First Try
- * 700-750 Practice Test Questions in Multiple Choice Formats and Updates for 1 Year

100% Actual & Verified — Instant Download, Please Click
